

Thank you Rancho Heritage!

- For your open door policy,

we are welcomed and are assured good care, we trust

- For open communication, we see that you want to hear our concerns.

- For your character education, this sets you apart from the rest,

the students here will more likely grow up striving not just to make a buck, but strive to make a difference,

- For your enthusiasm, we see how you love what you do, and you love the school and its contagious!

Thank you!
